

# English School Integration

## Study abroad and experience life in a British school

Our immersive English School Integration programme offers international students the unique opportunity to experience what it is like to study in a British school, while improving their English language skills and cultural understanding.

You will participate in the same classes as British students, follow all the lessons in English and will have a chance to make new international friends.

Our programme is ideal for groups or individuals in four main locations with homestay, residential or boarding school accommodation options. Available all year around (term-time only) in our carefully selected primary and secondary schools which are all rated Ofsted 'Good' or 'Outstanding'.

Why not add a School Integration just before your group takes part in a Mini Stay or while they are in a Summer Camp or as an add-on? Our programme can be combined with other short stays or completely tailored to your group's needs.
